PUSH-UP POLES AND TRIPODS

The Will-Burt Company, the experts in lighting elevation for over 25 years, introduces a new range of light poles and portable tripods.

Safe and reliable lighting is your number one priority during nighttime operations. Light poles and tripods by Will-Burt are designed to work when you need them. Constructed of corrosion resistant aluminum that is anodized, polished, and painted, they will safely elevate your lights for years.

All Will-Burt poles and tripods use heavy-duty UL approved 14 AWG cables for reliability and safety. Insulated and tough, these cables are resistant to cracking and UV damage.

Poles and Tripods built to Will-Burt's demanding standards to meet your demanding standards.

TRIPOD ESSENTIAL FEATURES

- Extends up to 84" (213cm) from a compact 53.5" (135cm)
- Integrated handle for easy transport
- Lock operates in either direction – easy for gloved hands.
- Rugged, anodized aluminum withstands harsh environments
- Rubber feet for better grip on slick surfaces
- Simple deployment
- Internal wire 14 AWG UL approved cable can carry both AC and DC current
- Universal ¾" NPT adapter
- Optional truck mount kit allows the tripod to be stored on the side of the apparatus and can be used as a light pole.
